

Alameda County 4-H Youth Development Program Assistant Junior Leadership Report

The 4-H Leadership project is designed to provide members with the opportunity to learn about the qualities and competencies needed to be a leader. Assistant Junior Leadership is an opportunity to learn the skills and competencies of leadership that the member will use in the Junior Leadership Projects. While project based leadership is the goal of the Leadership Project, it is not required for Assistant Junior Leadership. The Assistant Junior is expected to participate in a collection of experiences that will support the growth of the member.
